

Roofing Specialists for

# Education

# From its base in the North West of England, MAC Roofing & Contracting has been successfully re-roofing schools nationwide for over 40 years

## Introduction to MAC

Widely recognised as one of the market leaders in the industry, MAC Roofing has developed a reputation for providing outstanding levels of workmanship, technical support and customer service to both public and private sector organisations across the UK.

## A Dedicated Team with a Flexible Approach

Every member of the MAC team shares the same goal – to exceed customer expectations and provide reliable, quality roofing services. With over 100 operatives, MAC's workforce includes roofers, joiners and plumbers, giving you access to an unrivalled, multi-disciplined installation service. Furthermore, you can rest assured that all of MAC's workforce hold enhanced DBS (CRB) checks and approvals.

## Specialists in School Roof Refurbishment

MAC Roofing understands that two of the key ingredients to a successful roofing partnership are flexibility and good communication. Whether it's organising carefully planned deliveries outside of school hours, working at weekends or managing noise levels on site, MAC take a considerate approach at all times.

In addition, an ability to meet tight deadlines and an unwavering commitment to the highest standards of health and safety mean that MAC Roofing continues to be the first choice for local authorities, consultants and schools nationwide.

## The MAC Roofing Difference

- ✓ Successful track record of working with schools
- ✓ Ability to work around school hours and meet tight deadlines
- ✓ Flexible approach to ensure minimum disruption
- ✓ Outstanding Health & Safety record
- ✓ Complete project management

## Expertise You Can Count On

MAC Roofing has been successfully involved with school re-roofing programmes for over 40 years. Therefore, when you work with MAC, you'll have the peace of mind of knowing that your school project is in the safest possible hands. With extensive experience in all aspects of roofing and cladding, MAC can offer the independent, impartial advice that you need. This helps to ensure that the most appropriate system is specified to meet the particular requirements of each and every school.

## Need Help Sourcing Funding?

MAC Roofing work with highly effective specialists in the education sector, and can assist schools, academies and other educational institutions with their applications for building maintenance funding.

## The Perfect System to Meet Your Requirements

MAC Roofing utilise the highest quality products from the UK's leading manufacturers. Many systems can be installed effectively all year round, even when classroom lessons are continuing.

- ✓ Flat Roofing - including built-up felt roofing, polymeric single ply and hot melt systems
- ✓ Pitched Roofing - expertise in all aspects of Slating and Tiling
- ✓ Flat to Pitched Conversions
- ✓ Roof and Wall Cladding Systems
- ✓ Sustainable Roofing - solar energy roofs (PV) and green roofing systems

## Experience Where it Matters

MAC Roofing has a proven track record of delivering successful roofing partnerships with schools and local authorities across the UK. For example, MAC has worked for Wirral Borough Council for over 25 years, and operates a full 24/7 repair and maintenance service for this authority. This includes an “all year round” installation service (not just school holiday breaks), which effectively enables Wirral Borough Council to refurbish one additional school per year for the same annual budget. In addition, MAC has well established, successful framework agreements in place with Staffordshire and Shropshire County Councils.

## Planned Maintenance Options

For additional peace-of-mind, MAC Roofing offers a cost-effective annual maintenance programme, enabling you to keep on top of essential regular roof maintenance. Not only will this help ensure a safe learning environment for pupils and staff, it will also avoid any unnecessary classroom disruption caused by unforeseen problems on the roof.

## Trusted By Major Clients Nationwide

MAC Roofing has developed a wealth of experience in delivering successful school refurbishment programmes, and is proud to be involved with the following clients:

## Investment in Quality, Investment in People

MAC's commitment to achieving the highest possible standards is reflected in its collection of widely recognised industry accreditations. For example, MAC has attained the ISO 9001:2008 quality management standard and its dedication to sustainability has also earned MAC the ISO 14001 environmental management standard.

MAC is also proud to be accredited to Level 5 of the Achilles BuildingConfidence scheme. This highly respected industry initiative aims to promote best practice in the sector, and the Level 5 Award recognises MAC's ongoing excellence in health and safety, carbon reduction and other critical supply chain areas.

In addition, MAC recognises that continual training and development of its employees is critical to the success of its business. As a result, it has successfully attained the Investors in People SILVER award, which formally recognises MAC's commitment to developing a culture of learning and progression for its people.
