

## **MAC Roofing Environmental Policy**

MAC Roofing and Contracting Limited accepts the fragile nature of the global environment and consequently will strive to minimise all harmful aspects of its activities on it.

MAC Roofing and Contracting Limited is committed to complying with the spirit, as well as the letter of all applicable compliance obligations and Senior Management is committed to the protection of the environment, prevention of pollution and sustainable development.

The Company will assess the environmental effects of all its products, projects, policies and operations with the aim of minimising and controlling any environmental impacts now and in the future. It will implement and maintain an Environmental Management System throughout its installation processes which will satisfy the demands of the International Environmental Standard, BS EN ISO 14001:2015.

The company will address its use of energy, raw materials, transport etc, and targets and objectives, periodically reviewed, will be set to minimise these impacts. The company is committed to continual improvement of the environmental management system in order to enhance its environmental performance.

MAC Roofing and Contracting Limited will seek to reduce the creation, emission and discharge of any type of pollutants and limit environmental incidents. It will develop contingency procedures for such incidents and will ensure satisfactory implementation of these contingency procedures.

The company acknowledge that it is the responsibility of all employees, suitably trained, to work together to minimise all adverse effects. The company will foster an understanding of this policy and all environmental issues arising from its business activities amongst its employees, suppliers, contractors and customers.

This policy applies to all operations and activities of MAC Roofing and Contracting Limited. Copies are available to the public on application to the company at its main office.

This policy will provide a framework for the setting of environmental objectives and will be reviewed at least once annually. Copies of this policy will be displayed at appropriate points throughout the company.

A handwritten signature in black ink, appearing to read 'T. Cavanagh', is written over a circular scribble.
